
**Windows 10 Pro Insider Preview 10.0.10162 (esd) (x64) (2015)
[Eng-Rus]**

[Download](#)

to see what build your windows insiders are offered, go to settings > update & security > windows insider program. check the box next to get builds for my devices and click check for updates. you'll see a list of windows insiders who are offered the version of windows you want to download. your feedback is invaluable to us, and your ideas help us shape windows into an experience that meets your needs. we value your feedback. if you find a new or existing feature is missing from windows, please let us know. you can also view a list of the windows insider program feedback submission guidelines. here are some details about the build: we just released the build on august 4 to everyone enrolled in the windows insider program for business. check the windows insider program for business website for details. you can see which pcs in your organization are enrolled in the windows insider program for business by opening your browser and typing insider.windows.com into the address bar. if you have pcs in your organization enrolled in the windows insider program for business, you'll be able to download this build from windows update. if you're a pc user and are not enrolled in the windows insider program for business, you won't be able to download the build. if you're not enrolled, you can still get windows 10 by signing up for windows insider preview. microsoft released the first windows 11 insider preview build today, for insiders in the "windows insider program for business." more than 150,000 insiders have now downloaded and installed this build!

**Windows 10 Pro Insider Preview 10.0.10162 (esd) (x64) (2015)
[Eng-Rus]**

these are probably the newest features that arrive in an update. so far, these have been limited to windows insider builds, so theyre not available to everyone just yet. however, theyre coming to the general release channel this fall. another thing to remember is that windows 10 rtm is coming soon too. for more information on how that release is coming along, check out this blog post on the windows rtm blog by the windows hardware team. now that weve released new builds to everyone in the dev channel, check back later this month when were finally ready for insider preview releases. we have more updates to share soon, so stay tuned to our blog and social media to get more information about windows 11. now that weve released new builds to everyone in the dev channel, check back later this month when we re ready for insider preview releases. we have more updates to share soon, so stay tuned to our blog and social media to get more information about windows 11. for example, android apps are finally coming to the microsoft store in windows 11, but that feature looks like it won't be arriving properly until 2022. however, people on windows 11 insider builds will get this feature early to test it out. very early windows 11 insider builds are available to people using the dev channel. this is meant for app developers, and gives people access to very early versions of windows 11. again, make sure you are happy to install what is likely to be quite an early build with various issues included. 5ec8ef588b
